JOURNAL OF THE BIOLOGICAL PHOTOGRAPHIC ASSOCIATION

INDEX TO VOLUME 39 — 1971

A

Abstracts of Photographic Science and Engineering Literature 167

Acharia, K. M. 190

Adelson, Richard 193

Aerial Photographs, Blight Intensity Determined by Microdensitometer Studies of False-Color 101

Ahrens, Robert H. 115

Albertin, Robert H. 115

Allen, Lee 89

Angiography of the Ocular Fundus, Stereoscopic Fluorescein 89

Anniversary, 40th 127

Announcement of the Board of Registry, Official 165

Annual Workshop Course in Biomedical Photography, Third 176

Apparatus for Air Pollution Studies ... 191

Assistance for Users of Polaroid Industrial Products, Technical 176

Association Services 4, 122

B

Beamer, James L. 108

Biological Photographic Association, The 2, 80, 124, 172

Biomedical Communications Education 177

Biomedical Photography, Third Annual Workshop Course 176

Blight Intensity as Determined by Microdensitometer Studies of False-Color Aerial Photographs 101

Brain Stem Sections, B/W Transparencies of High Definition for Neurological Study of 97

Brooks, Percy 168

C

Cannon, M. Samuel 85

Cine Lap-Dissolve Titles 113

Cinematographic Techniques in Biology and Medicine 209

Communications Education, Biomedical 177

Copy-Right-Or Wrong 111

Course in Biomedical Photography, Third Annual Workshop 176

Crystal Symmetry Developed by Ion Bombardment, Patterns of 183

Cumulative Index, JBPA 7

Cunningham, R. L. 183

D

Dental Clinic, Roadside 190

Diedrick, Melford D. 113

Duplicating Color Slides with Reversal Materials, Improved Techniques for.. 157

E

Editor's Choice (Photographic) 108, 168, 190

Education, Biomedical Communications 177

Electron Micrographs, Lantern Slides of 117

Exit Pupil of the Microscope Objective, Some Observations at the 196

Experiences in a Health Delivery Environment, A Motion Picture as a Substitute for 193

F

False-Color Aerial Photographs, Blight Intensity Determined by Microdensitometer Studies of 101

Fellowship Procedure 4, 122

Fluorescein Angiography of the Ocular Fundus, Stereoscopic 89

Fluorescence Photomacrography 163

Fortieth Anniversary 127

G

Gilliam, Cecil D. 160

H

Health Delivery Environment, A Motion Picture as a Substitute for Experience in a 193

Herskovitz, Antol 193

History of Still Photography in the Operating Room, A 129

Hodgson, W. A. 101

Honors Program, The 6, 121, 170, 210

Human Musculature, Photography of .. 85

Hunter, J. 101

I

Improved Techniques for Duplicating Color Slides with Reversal Materials 157

In Black and White 83, 127, 175

Instant Monochorme 35-mm (2x2 inch) Slides 160

Ion Bombardment, Patterns of Crystal Symmetry Developed by 183

J

Jackson, H. Ross 101

Julin, Leonard A. 129

K

Klosevych, Stanley 127, 163, 175

L

Lanier, Thomas W. 113

Lantern Slides of Electron Micrographs 117

Lassiter, Kenneth T. 167

Letters 107

Liebert, Robert M. 193

M

Macrophotography of Whole-Leaf Structure of the Sugarbeet 118

Martinsen, William L. M. 7

Matthews, Paul B. 157

Medical and Biological Illustration 110, 144, 192

Meetings Calendar 126, 174

Microdensitometer Studies of False-Color Aerial Photographs, Blight Intensity Determined by 101

Microscope Objective, Some Observations at the Exit Pupil of the 196

Mineo, Joseph E. 109

Motion Picture as a Substitute for Experience in a Health Delivery Environment, A 193

N

Neurological Study of Brain Stem Sections, B/W Transparencies of High Definition for 97

New Products 120

O

Observations at the Exit Pupil of the Microscope Objective, Some 196

Ocular Fundus, Stereoscopic Fluorescein Angiography of the 89

Operating Room, A History of Still Photography in the 129

Owczarzak, Alfred 117

P

Palkuti, Gabriel A. 85

Patterns of Crystal Symmetry Developed by Ion Bombardment 183

Philpotts, L. E. 101

Photographic Cabinet for Recording of Thin Layer Chromatograms 159

Photography of Human Musculature ... 85

Photomacrography, Fluorescence 163

Photomicrotome: Adjunct to Biological Photography, The 115

Polaroid Industrial Products, Technical Assistance for Users of 176

Prints for Publication, Part One, Proportioning 204

Problems and Techniques of Underwater Photography, The 145

Proportioning Prints for Publication, Part One 204

R

Recording of Thin Layer Chromatograms, Photographic Cabinet for ... 159

Registry, Official Announcement of the Board of 165

Renter, S. Harold 145

Reversal Materials, Improved Techniques for Duplicating Color Slides with 157

Reviews 167, 209

Roadside Dental Clinic 190

S

Schade, H. W. 191

Severson, Howard 204

Slides, Instant Monochrome 35-mm (2x2 inch) 160

Staugaard, Burton C. 97

Stereoscopic Fluorescein Angiography of the Ocular Fundus 89

Still Photography in the Operating Room, A History of 129

Sustaining Members 82

T

Tarcinale, Michael A. 107

Techniques in Biology and Medicine, Cinematographic 209

Techniques of Underwater Photography, The Problems and 145

Technotes 111, 157

Telemicroscope, New 120

Thin Layer Chromatograms, Photographic Cabinet for Recording of ... 159

Titles, Cine Lap-Dissolve 113

Transparencies of High Definition for Neurological Study of Brain Stem Sections, B/W 97

Trauger, John F. 177

U

Underwater Photography, The Problems and Techniques of 145

V

Vetter, John P. 196

W

Wallen, V. R. 101

Whitehead, Robert H. 118, 159

Whole-Leaf Structure of the Sugarbeet, Macrography of 118

Workshop Course in Biomedical Photography, Third Annual 176
